DEADLINE FOR OFFICIAL/UNOFFICIAL/PERSONAL NOTICES IS WEDNESDAY, 9 A.M.

OFFICIAL

FLAGS AT HALF STAFF: The flags of the United States flew at half staff on July 12, 2005 at the Kennedy Space Center in honor of Mr. Lee Price, a Security Officer with Space Gateway Support. Mr. Price died on July 7, 2005 and his funeral was July 12, 2005. (TA-G)

FLAGS AT HALF STAFF: The flags of the United States flew at half staff on the Kennedy Space Center on July 12 in honor of Ms. Freda A. Cash, a Network Analyst II, and William D. (Bill) Gheen, Jr., a Field Systems Specialist, both with InDyne, Inc. Both Ms. Cash and Mr. Gheen died on July 8, and their services were on July 12. (TA-G)

RETIREMENT: Individuals contemplating retirement should contact Kathleen Ellis at 867-2002 or Lisa Fowler at 867-1883, Retirement Counselors, Personnel Office Benefits Team, for an appointment at least 30 days prior to their projected retirement date. (BA-B)

VOLUNTARY LEAVE TRANSFER PROGRAM: The leave transfer program is one of the most popular benefits. To qualify for this program, an employee must establish the existence of a medical emergency (for self or family members) which is expected to result in a requirement for at least 3 days of leave without pay, after the use of existing annual and/or sick leave (earned, not advanced). Leave transfer requests must include documentation from a physician on the medical condition and an estimate of the employee's projected length of absence. If an employee wishes his/her participation in the program announced in the KSC Bulletin, or within his/her organization, he/she may include such a statement in the letter of request. Affected employees would normally initiate requests for a declaration of a medical emergency through supervisory channels; however, if they are unable to do so, their supervisor, family members, or co-workers may initiate the request. Employees wishing to donate leave may do so, subject to certain restrictions. Only earned annual (or restored) leave may be donated, and total donations of leave may not exceed one half of that which would be earned in the remainder of the current leave year. Employees wishing to donate leave are strongly encouraged to donate at least 8 hours at a time, since the effort involved in processing leave transfers is significant. Leave donor forms are available in the BA-B Office and in most Administrative Offices. Donations of leave should be sent directly to BA-B, Room 2507, Headquarters Building. Requests for leave transfer are treated as confidential, unless the employee states otherwise. The names of donors are anonymous and will not be released except as needed to process the donation. If you have questions about the program stop by the Personnel Office Operations Branch, HQ, Room 2507. (BA-B)

REPORTING EMERGENCIES: To report any emergency on KSC, whether it is fire, security, or medical related, (including possible hazardous commodity exposure); dial 9-1-1 or 867-7911 from a cell phone. For walk-in type first-aid treatment, the Occupational Health Facility is open Monday - Friday from 7:00 am to 5:00 pm, and the Launch Area Clinic is open Monday-Friday 7:00 am to 3:00 pm. Hours other than those, call 9-1-1 for emergencies and/or first aid type treatment. **After normal working hours, the non-emergency medical related assistance will be coordinated through the 9-1-1 operators.** (TA-G)

EMPLOYEE ASSISTANCE PROGRAM: All employees are reminded that the Employee Assistance Program offers free, confidential counseling to all Kennedy Space Center and Cape Canaveral Air Force Station employees. KSC TOASTMASTERS: Space Center employees are constantly in the public eye and in situations which require them to represent the United States Space Program. Employees are encouraged to develop their communication and leadership skills to meet this challenge. Toastmasters International is a professional, multi-level training program for both beginning and advanced education in the critical skills of "listening, thinking, and speaking"—all important tools in both the work environment and your personal lives. NASA has recognized this by reimbursing civil servants for the cost of training.
